Wennmacher Electronic GmbH has become a global enterprise with companies around the world.

Our dynamic and future minded team handles your requirements and deliveries with the emphasis on quality and cost.

Wennmacher Electronic GmbH offers a large assortment of electromechanical and electrotechnical products and accessories:

- Active & passive components
- Connectors & flexible interconnections
- PC-boards & assembling
- Cable & customer specific cable assemblies
- Kitting service & programming
- Complete solutions & special applications

Our strength is project support with custom solutions from the development stage to production.

WENNMACHER Electronic GmbH - Standort Deutschland D-63785 Obernburg

Wennmacher Electronic GmbH hat sich seit ihrer Gründung zu einem weltweit umspannenden und operierenden Unternehmen entwickelt.

Unser Team arbeitet zukunftsorientiert, dynamisch und mit der hohen Flexibilität eines mittelständischen Unternehmens. Zuverlässige Lieferungen, hoher Qualitätsstandard und Kostengünstigkeit sind unsere selbstverständlichen Zielstellungen.

Wennmacher Electronic GmbH bietet ein umfangreiches Sortiment elektromechanischer und elektronischer Erzeugnisse und Zubehör, u. a.:

- Aktive / passive Bauelemente
- Steckverbinder & flexible Verbindungssysteme
- Leiterplatten & -bestückung
- Kabel & kundenspezifische Kabelkonfektionen
- Kittingservice & Programming
- Komplettlösungen und Sonderanfertigungen

Unsere Stärke ist Projektarbeit für maßgeschneiderte, kundenspezifische Lösungen, von der Entwicklung bis zur Serienproduktion.

Die große **WENNMACHER** *Electronic* Lieferflexibilität von kleinsten bis zu großen Stückzahlen und das vielfältige Angebot sind Ihr Vorteil.

Schwer beschaffbare aktive und passive Bauelemente, elektromechanische Erzeugnisse und Exoten können wir durch unsere weltweit operierende Firmengruppe aus allen Teilen der Welt beschaffen.

Fordern Sie uns!

WENNMACHER *Electronic* supplies components from many manufacturers in small and large quantities.

With the assistance of our global company group, we source hard-to-find, obsolete and allocated active and passive components and electromechanical products in all world markets.

Challenge us!
